Hi Gregory,

I have a question about the data in this file. I believe that you guys analyzed for inorganic carbon, then came up with any HCO₃ or CO₃ from that data. Is that correct? And the results in this file are inorganic carbon?

ftp://ftp.epa.gov/r8/pavilliondocs/RawLabData/Phase4/ORD_GP_Lab_TOC_DIC_Analysis_Phase_IV/DICrawdata.pdf
